

Sponsor: Kristie Yelinek

- CC. Kristie with emails to Karina
- Google Drive for info and documents/materials for Kristie to have access to

Project Information:

- 3rd year working on this project
 - Originally general need
- This year, design for individual use.

Client: Karina (Central Time - 1 hr behind)

- TBI - severe brain trauma
- PTSD manifested in memory
- Bad reading comprehension
- Works in Clinics
- Difficulties:
 - Will get reminder for appointment, but will sit down to do something/get sidetracked and will forget all about it until hours later

Project Idea Discussion:

- Connect with Google Calendar
- Reminders via Alexa & RokuTV
- Interfaced with Zoom
- Setting reminders (constant)
 - Keeps getting notifications until time of appointment
 - EX: 30 min before, 15 min before, 10 min before, 5 min before, 1 min before
 - To be used at home and at work
- App on the phone (preferably) - Apple Watch
 - Keep app simple (Karina is not tech savvy)
 - Could do web application, but may not work as intended
- Possibility for reminders to be read aloud
 - Pull in emails to be read out loud

MUST HAVES:

- Reminders (w/ Zoom)
 - Zoom link within notification?

COULD HAVE (Preferable to have):

- Email interface to be read aloud
- Telehealth interface

Reminder Specifics:

- Should be reminded for:
 - Appointments
 - Medication
 - ANY reminders within google

Meeting times:

- Every other week
- Pick times w/ Tamer Nadeem then send options to Kristie and Karina

Form Information:

- Fill out forms emailed by Kristie
- 4 releases:
 - Photo release
 - Model release
 - NDA - not required to sign
 - Intellectual Property - not allowed to give away (keep to VCU)
