Agreed upon meeting time w/ Kristie & Karina: Thursdays 12-12:30

Different stages/phases of the project to think about:
- Reminding mechanism
    - Alarm? Sound?
    - Snoozeable?
    - Frequently/annoying notifications
- Enforcing mechanism
    - Communication with a caregiver?
    - Verify they did what they were supposed to

To-Do:
- Talk to Karina:
    - What does she need?
    - What works for her?
- Look at last years project
    - Deploy and run it?
    - Can we re-use code/ideas from previous projects
- Create weekly meeting reports to put into shared folder for Professor Nadeem to look at
    - Have a summary of the meeting
    - Thoughts?

Things to think about:
- How to do what she's asking for?
- Can it be done?
